No 4 **Shaws Dream** by Yokel

Solving the clues and entering the answers in the correct place in the grid will result in a well known producing house (two words) appearing in the shaded column. The clues are in no particular order - except that the first three are a well known theatrical triumvirate of the sixties and seventies and come together here. These three answers could spell ALAN N HUNT-LYNN. All the answers relate to the central theme in one way or another.
